

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

April 12, 2004

S. 1814

A bill to transfer federal lands between the Secretary of Agriculture and the Secretary of the Interior

*As ordered reported by the Senate Committee on Environment and Public Works
on April 7, 2004*

CBO estimates that S. 1814 would have no significant impact on the federal budget. The bill would not affect direct spending or revenues. S. 1814 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

S. 1814 would transfer, from the Secretary of the Interior to the Secretary of Agriculture, administrative jurisdiction over the Mingo Job Corps Civilian Conservation Center, located in Missouri. Based on information from the U.S. Fish and Wildlife Service and the Forest Service, CBO estimates that the agencies' costs to complete the transfer would total less than \$100,000, assuming the availability of appropriated funds. We also estimate that transferring the center between agencies would not significantly affect operating costs.

The CBO staff contact for this estimate is Megan Carroll. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
